

SYLLABUS
Academic Year 2023/2024
2nd Year of Study/ 2nd Semester

1. Information about the program

1.1. Institution	"1 Decembrie 1918" University of Alba Iulia
1.2. Faculty	Faculty of Economics
1.3. Department	Business Administration and Marketing
1.4. Study field	Business Administration
1.5. Level	Master
1.6. Study program	Master of Business Administration 242213 Expert accessing European structural and cohesion funds, 242222 Business Information Analyst, 242232 Sustainable Development Expert.

2. Information about discipline

2.1. Discipline title	Ethics and academic integrity. Methodology of Economic Scientific Research			2.2. Course code	BA 224		
2.3. Course coordinator	Assoc. Prof. PhD Dan-Constantin Dănulețiu						
2.4. Seminar coordinator	Assoc. Prof. PhD Dan-Constantin Dănulețiu						
2.5. Study year	II	2.6. Semester	II	2.7. Evaluation type (E/C/VP)	E	2.8. Type of course (C – compulsory, Op – optional, F - Facultative)	C

3. Number of teaching hours per semester

3.1. Teaching hours per week	2	from wich: 3.2. course	1	3.3. seminar	1
3.4. Total of hours per semester	28	from wich: 3.5. course	14	3.6. seminar/laboratory	14
Distribution of time					Number of hours
Study from course book					25
Suplimentary documentation					25
Preparing for seminars, papers					20
Mentoring					-
Exams					2
Other activities					-

Total of hours per individual study	72
3.8 Total of hours per study plan	28
3.9 Total of hours per semester	100
3.10 Number of ECTS credits allocated	4

4. Preconditions (when is the case)

4.1. of curriculum	<i>Other disciplines, ex:</i>
4.2. of competences	

5. Conditions (when is the case)

5.1. for the course	
5.2. for the seminar	

6. Specific competences

Professional competences	S24. Higher independent research skills in business management; S25. Ability to conduct and execute interdisciplinary research activities in research teams.
Additional competences	TS3. Applying the principles, norms and values of professional ethics within your own rigorous, efficient and responsible work strategy; TS4. Identifying roles and responsibilities in a multispecialized team and also within economic science research networks, and applying effective relationship and work techniques within the team.

Corroborating the contents of the discipline with the expectations of epistemic community representatives, professional associations and representative employers in the field of the program

The content of this syllabus is made in accordance with the requirements of the economic and academic entities. The content of the discipline corresponds to the skills needed for research and provides formation of ethical values in work and research, essential requirements of a future researcher, teacher or employee as evidenced by meetings with its representatives, members of the CEAC commissions for study programs of Faculty of Economics.

Evaluation type

Activity type	10.1 Evaluation criteria	10.2 Evaluation methods	10.3 Percent in the final grade
---------------	--------------------------	-------------------------	---------------------------------

10.4 Course	- <i>Solving the exam requirements</i>	<i>exam</i>	60%
10.5 Seminar	- <i>Finishing the practical activities</i>	<i>Elaborated paper</i>	40%
	- <i>Scientific content of the papers</i>		
	- <i>Involvement in classes topic</i>		
10.6 Minimum performance standard: minimum grade 5			
Demonstrating the competences: <ul style="list-style-type: none"> - knowledge of the principles applicable in the field of scientific research in the economic field - acquiring theoretical and practical skills, demonstrated by the appropriate use of the research methods presented - presenting or publishing a research paper
