I. Lista lucrărilor reprezentative pentru activitatea științifică

1. Cristina Maria Man.(2022) *Pregătirea la altitudine, factor favorizant creșterii performanței în alergare montană.* Editura Risoprint, Cluj-Napoca, ISBN 978-973-53-2832-0
2. Man, M. C., Ganera, C., Bărbuleț, G. D., Krzysztofik, M., Panaet, A. E., Cucui, A. I, Alexe, D. I. (2021). The Modifications of Haemoglobin, Erythropoietin Values and Running Performance While Training at Mountain vs. Hilltop vs. Seaside. *International Journal of Environmental Research and Public Health*, *18*(18), 9486.
3. Panaet, E. A., Grigore, V., Cristina, M., DolinschiI, C. M., & Alexe, D. I.(2021) Effect of pediatric flat foot on the sagital aligment of the pelvis and spine, *Discobolul – Physical Education, Sport and Kinetotherapy Journal*, Volume 60, Issue 4, 475-484
4. Panaet, A. E., Alexe, C. I., Marchis, C., Man, C. M., & Grigore, V. (2021). Essay regarding the Need for a Standard Framework of Assessment and Measurement of Flat Feet in Children. *Bulletin of the Transilvania University of Braşov. Series IX: Sciences of Human Kinetics*, 235-246
5. Ilie M, Dan I Alexe, C I Alexe, C Man, T M Iconomescu,(2020) *Simulare de condiții, captarea mișcării și analiza datelor în cercetarea sportului,* Editura Risoprint, Cluj-Napoca, ISBN978-973-53-2492-6
6. Cristina, M. M., & Cătălin, G. (2018). Studdy on changing hematocrit values after a 21 day stage of training (athletics) on sand of Black Sea seaside (Constanța Romania) *Ovidius University Annals, Series Physical Education and Sport/Science, Movement and Health*, *18*(2 S1), 325-330.
7. Man, M. C., & Ganera, C. (2016). A study on athletes' heart rate changing while performing a 21 days training course at an altitude of 2000m. *Ovidius University Annals, Series Physical Education and Sport/Science, Movement and Health*, *16*(2 SI), 537-548.
8. Man, M. C., & Ganera, C. (2016). Study on changing arterial oxygen saturation level of athletes while performing a 21 days training course at an altitude of 2000 meters. *Ovidius University Annals, Series Physical Education and Sport/Science, Movement and Health*, *16*(2), 198-209.
9. Cristina, M. M., & Catalin, G. A. (2015). Study on the influence of training at altitude (2000m) on the maximum aerobic velocity in athletics (Mountain race). *Science, Movement and Health*, *15*(2), 135-146.
10. Cristina, M. M., & Cătălin, G. (2015). A study on the influence of training at altitude (2000m) on the blood hemoglobin and erythroietin values in athletics (aerobic resistance). *Ovidius University Annals, Series Physical Education and Sport/Science, Movement and Health*, *15*(2 S1), 409-419.

II. Teză doctorat

Contribuţii privind optimizarea pregătirii în atletism - proba de alergare montană- prin influienţa antrenamentului la altitudine, Universitatea Babeş- Bolyai Cluj-Napoca, 2015

III. Cărţi publicate

Prim autor

1. Cristina Maria Man.(2022) *Pregătirea la altitudine, factor favorizant creşterii performanţei în alergare montană.* Editura Risoprint, Cluj-Napoca, ISBN 978-973-53-2832-0
2. Ilie M, Dan I Alexe, C I Alexe, C Man, T M Iconomescu,(2020) *Simulare de condiţii, captarea mişcării şi analiza datelor în cercetarea sportului,* Editura Risoprint, Cluj-Napoca, ISBN978-973-53-2492-6

IV. Articole publicate în calitate de autor principal în jurnale indexate Web of Science (WOS)

1. Man, M. C., Ganera, C., Bărbuleţ, G. D., Krzysztofik, M., Panaet, A. E., Cucui, A. I. Alexe, D. I. (2021). The Modifications of Haemoglobin, Erythropoietin Values and Running Performance While Training at Mountain vs. Hilltop vs. Seaside. *International Journal of Environmental Research and Public Health*, *18*(18), 9486.

V. Articole publicate în calitate de autor principal în jurnale indexate în cel puţin trei baze de date internaţionale

1. Cristina, M. M., & Cătălin, G. (2018). Studdy on changing hematocrit values after a 21 day stage of training (athletics) on sand of Black Sea seaside (Constanţa Romania) *Ovidius University Annals, Series Physical Education and Sport/Science, Movement and Health*, *18*(2 S1), 325-330.
2. Man, M. C., & Ganera, C. (2016). A study on athletes' heart rate changing while performing a 21 days training course at an altitude of 2000m. *Ovidius University Annals, Series Physical Education and Sport/Science, Movement and Health*, *16*(2 SI), 537-548.
3. Man, M. C., & Ganera, C. (2016). Study on changing arterial oxygen saturation level of athletes while performing a 21 days training course at an altitude of 2000 meters. *Ovidius University Annals, Series Physical Education and Sport/Science, Movement and Health*, *16*(2), 198-209.

4. Cristina, M. M., & Catalin, G. A. (2015). Study on the influence of training at altitude (2000m) on the maximum aerobic velocity in athletics (Mountain race). *Science, Movement and Health*, *15*(2), 135-146.
5. Cristina, M. M., & Cătălin, G. (2015). A study on the influence of training at altitude (2000m) on the blood hemoglobin and erythroietin values in athletics (aerobic resistance). *Ovidius University Annals, Series Physical Education and Sport/Science, Movement and Health*, *15*(2 S1), 409-419.

VI. Articole publicate în calitate de coautor principal în jurnale indexate în cel puțin trei baze de date internaționale

1. Panaet, E. A., Grigore, V., Cristina, M., DolinschiI, C. M., & Alexe, D. I.(2021) Effect of pediatric flat foot on the sagital aligment of the pelvis and spine, *Discobolul – Physical Education, Sport and Kinetotherapy Journal*, Volume 60, Issue 4, 475-484
2. Panaet, A. E., Alexe, C. I., Marchis, C., Man, C. M., & Grigore, V. (2021). Essay regarding the Need for a Standard Framework of Assessment and Measurement of Flat Feet in Children. *Bulletin of the Transilvania University of Braşov. Series IX: Sciences of Human Kinetics*, 235-246

VII. Articole publicate în calitate de autor principal în volumele unor conferinte internaționale cu ISSN/ISBN

1. Man MC, Ganera C, Ovidiu D, The modifications of erythropoietin values while training at maountain vs seaside favoring the increase of sports performance,*The International Conference „Sports, education, culture-Interdisciplinary Approaches in scientific research"* Galați 2022
2. Man MC, Ganera C, Study on thr chenge of erythropoietin levels in performance athletes following a training session on the seaside of Black sea,*International Scientific Conference „Perspectives in physicale education and sport"*Constanța 2019
3. Man MC, Ganera C., Study on changing hematocrit values after 21 days training course on the beach, *„International Scientific Conference „Perspectives in physicale education and sport"*Constanța 2018,
4. Man MC, Ganera C.Study of changing arterial oxygen saturation level of athletes while performing a 21 days training course at an altitude of 2000meters *„International Scientific Conference „Perspectives in physicale education and sport"* Constanta 2016,
5. Man MC, Ganera C.A study on athletes heart rate changing while performing a 21 days training course at an altitude of 2000m *„International Scientific Conference „Perspectives in physicale education and sport"*Constanța 2016,
6. Man MC, Ganera C. A study regarding the influence ao 2000m altitude training on the values of blood hemoglobin and eritropoietina in athletics(aerobic resistence),*International Scientific Conference „Perspectives in physicale education and sport"*Constanța 2015,

7. Man MC, Ganera C. A Study regarding the influence of 2000m altitude training on the maximum aerobic speed in athletics-practicing mountain running, *„International Scientific Conference „Perspectives in physicale education and sport"* Constanța 2015

VIII. Articole publicate în calitate de coautor principal în volumele unor conferinte internaționale cu ISSN/ISBN

1. E A Panaet, G Rață, M C Man, C I Alexe, Distribution of plantar pressures under staticconditions, in various areas of the pediatric flatfoot, *International Congress o Education, Health and Human Movement,ICEHHM Human Movement: New Paradigms in a Changing World,Bucharest 2022*
2. Talaghir L.G.,Man C., Study on learning jumps in school gymnastics at class VI, *The 5th International Scientific Conference Achievements and prospects in the field of physical education and sports within the interdisciplinary European education system* Bacău, 2015, ISBN,2069-2269
